

## **Biography for Paul Schwanke**

Saved as a young boy in a Christian home, Evangelist Paul Schwanke was impacted by a steady stream of Bible preaching, and soon surrendered to preach the Word of God. As a teenager, he was already busy preaching in missions, youth meetings, and churches, which the Lord used to direct him to the ministry of Local Church Evangelism.

Since 1983, Evangelist Schwanke has been used of God to preach in churches across America and around the world. He has invested his life in the Bible having memorized large portions of the Word of God, using the Scriptures extensively in preaching. The glory belongs at the cross for the multitudes saved, the churches encouraged, and the hearts that have been stirred for revival. Certainly, the preaching of the Bible, though “foolish” to a lost world, is still the “power of God.”
